Answer: B

NEW QUESTION: 3

- A. Option A
- B. Option D
- C. Option B
- D. Option C

Answer: C

Explanation:

NAP enforces health policies by inspecting and assessing the health of client computers, restricting network access when client computers are noncompliant with health policy, and remediating noncompliant client computers to bring them into compliance with health policy before they are granted full network access. NAP enforces health policies on client computers that are attempting to connect to a network; NAP also provides ongoing health compliance enforcement while a client computer is connected to a network.
