NEW QUESTION: 1

Which of the following would be done during the initiation stage?

- A. Establish who needs information, when and in what format
- B. Define how the project will deliver the chosen business solution
- C. Appoint the Executive
- D. Establish the quality expectations of the customer

Answer: A

NEW QUESTION: 2

You can only import only one language at a time per CSV file

- A. False

B. True

Answer: B

NEW QUESTION: 3

Please wait while the virtual machine loads. Once loaded, you may proceed to the lab section. This may take a few minutes, and the wait time will not be deducted from your overall test time.

When the Next button is available, click it to access the lab section. In this section, you will perform a set of tasks in a live environment. While most functionality will be available to you as it would be in a live environment, some functionality (e.g., copy and paste, ability to navigate to external websites) will not be possible by design.

Scoring is based on the outcome of performing the tasks stated in the lab. In other words, it doesn't matter how you accomplish the task, if you successfully perform it, you will earn credit for that task.

Labs are not timed separately, and this exam may more than one lab that you must complete. You can use as much time as you would like to complete each lab. But, you should manage your time appropriately to ensure that you are able to complete the lab(s) and all other sections of the exam in the time provided. Please note that once you submit your work by clicking the Next button within a lab, you will NOT be able to return to the lab. Username and password

Use the following login credentials as needed:

To enter your username, place your cursor in the Sign in box and click on the username below.

To enter your password, place your cursor in the Enter password box and click on the password below.

Microsoft 365 Username:

[\[email protected\]@onmicrosoft.com](mailto:@onmicrosoft.com)

Microsoft 365 Password: &#amp;

If the Microsoft 365 portal does not load successfully in the browser, press CTRL-K to reload the portal in a new browser tab.

The following information is for technical support only:

Lab instance: 11032396

You need to ensure that when users tag documents as classified, a classified watermark is applied to the documents.

To complete this task, sign in to the Microsoft Office 365 admin center.

Answer:

Explanation:

See explanation below.

Explanation

1. In the admin center, select the Compliance
2. Select Classification > Sensitivity labels
3. Select Create a label, and when the warning appears, select

4. Enter a Label name, Tooltip, and
5. Turn on Encryption. Choose when you want to assign permissions, whether you want your users' access to the content to expire, and whether you want to allow offline access.
6. Select Assign permissions > Add these email addresses or domains
7. Enter an email address or domain name (such as Contoso.org). Select , and repeat for each email address or domain you want to add.
8. Select Choose permissions from preset or custom.
9. Use the drop-down list to select preset permissions, such as Reviewer or Viewer, or select Custom permissions. If you chose Custom, select the permissions from the list. Select Save > Save > Next.
10. Turn on Content marking, and choose the markings you want to use.
11. For each marking that you choose, select Customize text. Enter the text you want to appear on the document, and set the font and layout options. Select Save, and then repeat for any additional markings. Select Next.
12. Optionally, turn on Endpoint data loss prevention. Select Next.
13. Optionally, turn on Auto labeling. Add a condition. For example, under Detect content that contains, select Add a condition. Enter the condition; for example, add a condition that if passport, Social Security, or other sensitive information is detected, the label will be added. Select Next.
14. Review your settings, and select Create. Your label has been created. Repeat this process for any additional labels you want.
15. By default, labels appear in Office apps in this order: Confidential, Internal, and Public. To change the order, for each label, select More actions (the ellipsis), and then move the label up or down. Typically, permissions are listed from the lowest to highest level of permissions.
16. To add a sub-label to a label, select More actions, then Add sub level.
17. When finished, choose Publish labels> Choose labels to publish > Add. Select the labels you want to publish, and then select Add > Done
18. By default, the new label policy is applied to everyone. If you want to limit who the policy is applied to, select Choose users or groups > . Select who you want the policy to apply to, and then select Add > Done > Next.
19. If you want a default label for documents and email, select the label you want from the drop-down list.
Review the remaining settings, adjust as needed, and then select
20. Enter a Name and Description
21. Review your settings, then select
